As of January 4

Every doe is pregnant except
HERA and XTORT and CASSIE.

We sent the non breeders to the sale
barn.

All of these doe kids HAVE been registered with ADGA.

Where there is no page number, that is because ZACH has not done the writeup yet. We don't do the listing until the paper comes from ADGA.

(We can't get the paper from ADGA until we come up with a name that contains "J" and has something to do with her family.)

As of April 25, we are over 200 babies. The "7" in their number means born in 2017.

Aug 7, 2017

Scott Recommends:

#798 The dam had mastitis so the computer knocked
#799 her rating WAY down.

As of Jan, 2018 There are about 9 more doelings still to be listed.

Sep 16, 2017

Scott recommends:

#771 She is rated way lower then her price.
Why? One of trips.
