ADVANCE BABY SALES 2022 BABIES

Rev: 08/02/2021
wp: 2022 Advance Baby Sales

We don't put the kids onto the "2022 Bucks for Sale"
or "2022 Does for Sale" until we get ADGA papers.

*(The other major breeders go "There is something called "Breeders Rights" and we are keeping
this kid because he/she is just too good looking to sell)*

When your kid is born, YOU get it. We don't keep the really hot looking kids for ourselves.

Unless you decide to cancel. Then you get a complete refund right away.

THESE PRICES CHANGE ALL THE TIME. We have a DHI test every month and we have frequent evaluations.

Once you make a deposit, YOUR price never changes. A deal is a deal.

Fill out an UNBORN KID ORDER FORM or call us and we will fill it out for you.

We try to ship at four weeks.

We will report to you on the dam's progress 4 weeks into her lactation if we don't feel she is living up to her ancestors. We will try to refund your deposit if we aren't happy with her at that point.

(Heads you win, Tails you win)

Dam doing great, you get the kid.

Dam doing poorly, you get your deposit back.

Scott's recommendation is KASHTA #827's buck kid.

One Scott sees as a very good deal for a Dairy Farmer is EZZTAR (#480)'s future buck kid. She has the same max rating (99) as her sister but CAPRIKORN will work off the prettier sister (479). But our dairy farmer customers don't care very much about looks. Three different dairy farmers have already bought EZZTAR buck kids for around \$1,500 each.

#7101: JUSTA STARGATE FAMILY p.24 1819/ 491 formerly JUSTA is 99 th %ile, There are only 15 99 th %ile Saanen in the United States. Now we have foundered her so she will never have a 4,000 lb record and her percentile will drop	\$1,795	\$1,675
#7102: JUXTA STARGATE FAMILY p.25 1347/ <90> She beat her sister JUSTA above in the last lactation. But it was because her sister was paddle walking.	\$995	\$1,195
#7243: JABUTICABA XTORT FAMILY A bargain because judges don't like her, but Scott does! A small doe with a big udder and big production. She fell short of 4,000. Ending 3,868. But the fat was 3.7% So she brings in a bigger milk check than a 4,000 LB doe with 2.8% RESERVE GRAND OUT OF 74 UNDER JUDGE WOLF JACKSON 05/08/2021	\$3,495	\$595

“NOT AN EARLY KIDDER” — These does were initially pen bred with KZTAR #898, who turned out to be sterile. It took a while before we figured that out.

We don't have time to list all of this year's kids' prospective babies today. This year's kids listed behind the button "2021 Does for Sale."
